

Competition Team Update:

Money you have submitted for competition fees that were to be applied toward Nationals will be refunded to the studio in late September. After many hours of back and forth conversations, I have been promised a full refund instead of a credit to attend a competition.

Your registration fees in the amount of \$35 for family or \$25 per dancer will be deducted from this refund. Therefore, you do not have to pay any registration fees now. Once the check is received these fees will be deducted and the remaining monies will be re-deposited into your child's dance account.

Most of you have a zero balance in your account. For those that have a few remaining dollars, you will receive a breakdown by the end of summer classes.
